

# WILLIAMSBURG BEDROOM COLLECTION

## Designed for Healing. Built for Strength.

The Williamsburg Bedroom Collection is thoughtfully crafted to support calm, restorative environments in behavioral health settings, residential programs, and therapeutic spaces. Its warm, traditional aesthetic helps create a sense of normalcy and dignity—without compromising on durability.

Constructed from heavy-duty Mindy wood, each piece is built to endure the demands of high-use environments while contributing to a soothing, non-institutional atmosphere. The bed is available in twin, full, and queen sizes, with an optional 3-drawer under-bed storage unit. A fully slatted platform ensures optimal support and eliminates the need for a box spring.

All drawers feature positive stops and side-mounted ball bearing extension guides for smooth, secure, and long-lasting performance—offering functionality that's as dependable as it is mindful.
